Preface	iii
Acknowledgments.....	v
Acronyms, Abbreviations, and Symbols.....	vii
4.0 Affected Environment.....	4.1
Introduction.....	4.1
4.1 Climate and Meteorology/Air Quality	4.5
4.1.1 Wind.....	4.8
4.1.2 Temperature and Humidity	4.12
4.1.3 Precipitation	4.12
4.1.4 Fog and Visibility.....	4.13
4.1.5 Severe Weather	4.13
4.1.6 Atmospheric Dispersion.....	4.14
4.1.7 Nonradiological Air Quality	4.16
4.1.7.1 Prevention of Significant Deterioration	4.18
4.1.7.2 Emissions of Nonradiological Pollutants.....	4.18
4.1.7.3 Offsite Monitoring	4.18
4.1.7.4 Background Monitoring.....	4.19
4.1.7.5 Onsite Monitoring.....	4.19
4.1.8 Radiological Air Quality	4.20
4.1.8.1 Radiological Emissions.....	4.20
4.1.8.2 Dose Assessments.....	4.21
4.1.8.3 Environmental Monitoring	4.22
4.2 Geology	4.23
4.2.1 Physical and Structural Characteristics	4.25
4.2.2 Strata and Structure of Sediment and Rock	4.28
4.2.2.1 Columbia River Basalt Group.....	4.28
4.2.2.2 Ellensburg Formation	4.28
4.2.2.3 Hanford Formation, Cold Creek Unit, and Ringold Formation	4.28
4.2.2.4 Clastic Dikes	4.30
4.2.2.5 100 Areas Strata and Structure	4.31
4.2.2.6 200 Areas Strata and Structure	4.31
4.2.2.7 300 Area Strata and Structure	4.31
4.2.3 Surface Soil	4.32
4.2.4 Seismicity.....	4.34
4.3 Hydrology	4.39
4.3.1 Surface Water.....	4.39
4.3.1.1 Columbia River.....	4.39
4.3.1.2 Water Quality of the Columbia River.....	4.41
4.3.1.3 Yakima River.....	4.44
4.3.1.4 Springs and Streams.....	4.44

4.3.1.5	Columbia Riverbank Springs.....	4.44
4.3.1.6	Runoff and Net Infiltration	4.46
4.3.1.7	Flooding.....	4.46
4.3.1.8	Non-Riverine Surface Water	4.51
4.3.2	Hanford Site Vadose Zone.....	4.54
4.3.2.1	Vadose Zone Contamination	4.55
4.3.3	Hanford Site Groundwater	4.56
4.3.3.1	Basalt-Confining Aquifer System	4.56
4.3.3.2	Unconfined Aquifer System	4.57
4.3.3.3	Limitations of Hydrogeologic Information.....	4.59
4.3.3.4	Groundwater Travel Times	4.59
4.3.3.5	Groundwater East and North of the Columbia River.....	4.60
4.3.4	Groundwater Quality.....	4.60
4.3.5	100 Area Hydrology.....	4.62
4.3.6	200 Area Hydrology.....	4.62
4.3.7	300 Area Hydrology.....	4.68
4.3.8	Richland North Area Hydrology	4.68
4.4	Ecology	4.69
4.4.1	Terrestrial Ecology.....	4.69
4.4.1.1	Vegetation.....	4.70
4.4.1.2	Wildlife	4.79
4.4.2	Aquatic Ecology.....	4.82
4.4.2.1	Columbia River.....	4.82
4.4.2.2	Spring Streams	4.85
4.4.2.3	Temporary Water Bodies	4.86
4.4.3	Threatened and Endangered Species.....	4.86
4.5	Cultural, Archaeological, and Historical Resources	4.93
4.5.1	Native American Cultural Landscape	4.96
4.5.1.1	Archaeological Resources.....	4.97
4.5.1.2	Traditional Cultural Places	4.97
4.5.2	Early Settlers/Farming Landscape	4.98
4.5.2.1	Archaeological Resources.....	4.98
4.5.2.2	Traditional Cultural Places	4.100
4.5.2.3	Buildings and Structures.....	4.100
4.5.3	Manhattan Project and Cold War Cultural Landscape	4.100
4.5.3.1	Archaeological Resources.....	4.101
4.5.3.2	Buildings and Structures	4.101
4.5.4	Site Areas	4.102
4.5.4.1	100 Areas	4.102
4.5.4.2	200 Areas	4.106
4.5.4.3	300 Area.....	4.108
4.5.4.4	400 Area.....	4.109
4.5.4.5	600 Area.....	4.109
4.5.4.6	700 Area.....	4.111
4.6	Socioeconomics	4.113
4.6.1	Local Economy	4.113
4.6.1.1	DOE Contractors (Hanford).....	4.113
4.6.1.2	Energy Northwest	4.115

4.6.1.3	Agriculture	4.115
4.6.1.4	Other Major Employers	4.116
4.6.1.5	Tourism.....	4.116
4.6.1.6	Retirees	4.116
4.6.2	Employment and Income	4.117
4.6.3	Demography.....	4.118
4.6.4	Environmental Justice	4.119
4.6.5	Housing	4.121
4.6.6	Transportation	4.124
4.6.7	Educational Services	4.126
4.6.8	Health Care and Human Services	4.127
4.6.9	Police and Fire Protection	4.127
4.6.10	Parks and Recreation.....	4.129
4.6.11	Utilities.....	4.129
4.6.12	Land Use	4.131
4.6.13	Visual Resources.....	4.137
4.7	Noise	4.141
4.7.1	Background Information	4.141
4.7.2	Environmental Noise Regulations.....	4.141
4.7.3	Hanford Site Sound Levels	4.142
4.7.3.1	Skagit/Hanford Data	4.142
4.7.3.2	Basalt Waste Isolation Project (BWIP) Data	4.142
4.7.3.3	New Production Reactor (NPR) EIS.....	4.144
4.7.3.4	Noise Levels of Hanford Field Activities	4.144
4.8	Occupational Health and Safety	4.147
4.8.1	Industrial Illness and Injury Experience at the Hanford Site	4.147
4.8.2	Occupational Radiation Exposure at the Hanford Site.....	4.150
References.....		4.153
Appendix A. Atmospheric Dispersion Tables		A.1
Appendix B		B.1
Appendix C - Vegetation Maps		C.1
6.0 Statutory and Regulatory Requirements		6.1
Introduction.....		6.2
Federal and State Environmental Laws		6.3
Citation of Laws and Regulations		6.3
Specific Federal Laws Cited in the CEQ Regulations		6.3
6.1 Federal Environmental Laws		6.5
6.2 Federal and State Environmental Regulations		6.7

6.2.1	Air Quality	6.7
6.2.2	Water Quality.....	6.8
6.2.3	Hazardous Waste Management.....	6.10
6.2.4	Species Protection	6.11
6.2.5	Historic and Cultural Resource Preservation	6.11
6.2.6	Land Use	6.12
6.2.7	Other	6.13
6.3	Executive Orders.....	6.15
6.4	DOE Directives.....	6.17
6.5	Treaties, Statutes, and Policies Relating to Indian Tribes of the Hanford Region.....	6.19
6.6	Permits	6.21

Figures

Figure 4.0-1.	U.S. Department of Energy's Hanford Site, Washington.....	4.2
Figure 4.1-1.	Hanford Meteorological Monitoring Network, Hanford Site, Washington	4.6
Figure 4.1-2.	Wind Roses at the 9.1 m (30 ft) Level of the Hanford Meteorological Monitoring Network, Washington, 1982 to 2003 (after Hoitink <i>et al.</i> 2004)	4.9
Figure 4.1-3.	Wind Roses at the 60 m (197 ft) Level of the Hanford Meteorological Monitoring Network, Washington, 1986 to 2003	4.11
Figure 4.1-4.	24-hr Average Concentrations for Particulate Matter with a Diameter of 10 μm or less at the Hanford Meteorological Station, Washington, 2003	4.20
Figure 4.2-1.	Geologic Elements of the Pasco Basin Portion of the Columbia Basin, Washington	4.24
Figure 4.2-2.	White Bluffs at the Hanford Site, Washington, Display River and Lake Deposits Left from the Ancestral Columbia River.....	4.25
Figure 4.2-3.	Conceptualization of an Ice-Age Flood in the Vicinity of the Hanford Site, Washington, which Occurred Intermittently between 18,000-13,000 years ago.....	4.26
Figure 4.2-4.	Physical and Structural Geology of the Hanford Site, Washington.....	4.27
Figure 4.2-5.	Strata of Rocks and Sediment at the Hanford Site, Washington.....	4.29
Figure 4.2-6.	Map of Soil Types at the Hanford Site, Washington	4.33
Figure 4.2-7.	Historical Earthquake Activity of the Columbia Basin, Washington, and Surrounding Areas Showing All Earthquakes between 1850 and March 20, 1969, with a Modified Mercalli Intensity of V or Larger and/or a Richter Magnitude of 4 or Larger	4.36
Figure 4.2-8.	Earthquake Activity of the Columbia Basin, Washington, and Surrounding Areas as Measured by Seismographs from March 20, 1969, to December 31, 2000, with Richter Magnitude 3 or Larger.....	4.38
Figure 4.3-1.	Surface Water Features on the Hanford Site, Washington, including Rivers, Ponds, Major Springs, and Ephemeral Streams	4.40
Figure 4.3-2.	Average Daily Flow for the Columbia River downstream of Priest Rapids Dam, Washington, from January 1993 through April 2004.....	4.41
Figure 4.3-3.	Average Daily Flow for the Columbia River during Calendar Year 2003	4.42

Figure 4.3-4.	Surface Water and Sediment Monitoring Locations, Hanford Site, Washington	4.43
Figure 4.3-5.	Average Daily Flow for the Yakima River, Washington, from 1993 through April 2004	4.45
Figure 4.3-6.	Locations of Principal Dams within the Columbia Plateau, Washington and Oregon.....	4.47
Figure 4.3-7.	Flood Area on the Hanford Site, Washington, during the 1894 Flood Modeled Based on Topographic Cross Sections.....	4.48
Figure 4.3-8.	Flood Area on the Hanford Site, Washington, for the Probable Maximum Flood	4.50
Figure 4.3-9.	Flood Area from a 100-Year Flood of the Yakima River near the Hanford Site, Washington	4.52
Figure 4.3-10.	Extent of Probable Maximum Flood in Cold Creek Area, Hanford Site, Washington, delineated using the U.S. Army Corps of Engineers' HEC-2 Water Surface Profiles model	4.53
Figure 4.3-11.	Water Table Elevations in Meters (1 m = 3.28 ft) and Inferred Groundwater Flow Directions for the Unconfined Aquifer at Hanford, Washington, March 2003.....	4.58
Figure 4.3-12.	Distribution of Radionuclides in Groundwater on the Hanford Site, Washington, at Concentrations above the Maximum Contaminant Level or Interim Drinking Water Standard during Fiscal Year 2003	4.65
Figure 4.3-13.	Distribution of Hazardous Chemicals in Groundwater on the Hanford Site, Washington, at Concentrations above the Maximum Contaminant Level or Interim Drinking Water Standard during Fiscal Year 2003	4.66
Figure 4.4-1.	Distribution of Vegetation Types and Land Use Areas on the Hanford Site, Washington, before the Year 2000 Fire	4.72
Figure 4.4-2.	Area of Hanford Site, Washington, Burned as a Result of the June 27 - July 2, 2000, Wildfire	4.76
Figure 4.4-3.	Columbia River Islands in the Vicinity of the Hanford Site, Washington.....	4.78
Figure 4.5-1.	Areas Surveyed for Cultural Resources on the Hanford Site, Washington.....	4.94
Figure 4.5-2.	Map of the Hanford Site, Washington, showing towns, ferries and prominent features associated with the Early Settlers landscape	4.99
Figure 4.6-1.	Hanford Site, Washington, and Surrounding Communities.....	4.114
Figure 4.6-2.	Location of Minority Populations Near the Hanford Site, Washington, based on 2000 Census	4.122

Figure 4.6-3.	Location of Low-Income Populations Near the Hanford Site, Washington, based on 2000 Census.....	4.123
Figure 4.6-4.	DOE's Preferred Alternative for Land Use on the Hanford Site, Washington....	4.132
Figure 4.6-5.	Geographic Study Areas for the Hanford Site, Washington	4.134
Figure 4.6-6.	Viewshed from Gable Mountain on the Hanford Site, Washington	4.138
Figure 4.7-1.	Location of Background Noise Measurements Collected for the Basalt Waste Isolation Project, Hanford Site, Washington.....	4.143
Figure 4.8-1.	Occupational Injury and Illness Total Recordable Case Rates at the Hanford Site, Washington, Compared to Department of Energy and Private Industry.	4.148
Figure 4.8-2.	Average Measureable Dose (mrem/yr) to Hanford Site, Washington, 1999-2003.....	4.151
Figure 4.8-3.	Collective Operational Dose (person-mrem/yr) at the Hanford Site, Washington, 1999-2003	4.151
Figure C-1.	Vegetation/Land Coverage Map for the 100-B/C Area, Hanford Site, Washington	C.3
Figure C-2.	Vegetation/Land Coverage Map for the 100-D Area, Hanford Site, Washington	C.4
Figure C-3.	Vegetation/Land Coverage Map for the White Bluffs Boat Launch Vicinity, Hanford Site, Washington.....	C.5
Figure C-4.	Vegetation/Land Coverage Map for the 100-F Area, Hanford Site, Washington	C.6
Figure C-5.	Vegetation/Land Coverage Map for the 100-H Area, Hanford Site, Washington	C.7
Figure C-6.	Vegetation/Land Coverage Map for the 100-K Area, Hanford Site, Washington	C.8
Figure C-7.	Vegetation/Land Coverage Map for the 100-N Area, Hanford Site, Washington	C.9
Figure C-8.	Vegetation/Land Coverage Map for the Hanford Townsite Vicinity, Hanford Site, Washington	C.10
Figure C-9.	Vegetation/Land Coverage Map for the 300 Area, Hanford Site, Washington	C.11

Tables

Table 4.1-1.	Station Numbers, Names, and Meteorological Data Measured at each Station in the Hanford Meteorological Monitoring Network, Washington.....	4.7
Table 4.1-2.	Monthly and Annual Prevailing Wind Directions, Average Speeds, and Peak Gusts at 15-m (50-ft) Level, 1945 through 2003, Hanford Meteorology Station, Washington	4.10
Table 4.1-3.	Number of Days with Peak Gusts above Specific Thresholds at 15-m (50-ft) Level, 1945 through 2003, Hanford Meteorology Station, Washington	4.10
Table 4.1-4.	Number of Days with Fog by Season, Hanford Site, Washington.....	4.13
Table 4.1-5.	Estimate of the Probability of Extreme Winds Associated with Tornadoes Striking a Point at Hanford, Washington	4.14
Table 4.1-6.	Estimates of Extreme Winds at the Hanford Site, Washington	4.14
Table 4.1-7.	Percent Probabilities for Extended Periods of Surface-Based Inversions, Hanford Site, Washington.....	4.15
Table 4.1-8.	U.S. Environmental Protection Agency (EPA) and Washington State Ambient Air Quality Standards.....	4.17
Table 4.1-9.	Nonradioactive Constituents Discharged to the Atmosphere during 2003, Hanford Site, Washington.....	4.18
Table 4.1-10.	Radionuclides Discharged to the Atmosphere at the Hanford Site, Washington, 2003	4.21
Table 4.3-1.	Regulatory Drinking Water Standards for Groundwater	4.46
Table 4.3-2.	Maximum Concentrations of Selected Groundwater Contaminants in Fiscal Year 2003	4.63
Table 4.4-1.	Federal or Washington State Threatened and Endangered Species on the Hanford Site	4.87
Table 4.4-2.	Washington State Candidate and Sensitive Animal Species on the Hanford Site	4.90
Table 4.4-3.	Washington State Plant Species of Concern on the Hanford Site.....	4.91
Table 4.5-1.	Historic Buildings, Archaeological Sites, and Districts Listed in the National Register of Historic Places on the Hanford Site, Washington	4.95

Table 4.5-2.	Historic Buildings, Archaeological Sites, and Districts Determined Eligible for Listing in the National Register of Historic Places on the Hanford Site, Washington	4.95
Table 4.5-3.	Archaeological Sites and Districts Listed in the Washington Heritage Register on the Hanford Site, Washington.....	4.96
Table 4.6-1.	Federal Government Transfer Payments in Benton County and Franklin County, Washington, 2002.....	4.117
Table 4.6-2.	Nonagricultural Wage and Salary Workers in Benton County and Franklin County, Washington, 2002 and 2003	4.118
Table 4.6-3.	Population Estimates and Percentages by Race and Hispanic Origin within each County in Washington State and the 80-km (50 mi) Radius of Hanford as Determined by the 2000 Census	4.120
Table 4.6-4.	Police Personnel in the Tri-Cities, Washington, 2004	4.128
Table 4.6-5.	Fire Protection Personnel in the Tri-Cities, Washington, 2003	4.128
Table 4.6-6.	Examples of Physical Recreational Facilities Available in the Tri-Cities, Washington	4.130
Table 4.6-7	Definitions and Descriptions of DOE's Preferred Alternative Land Use Designations for the Hanford Site, Washington	4.133
Table 4.6-8.	Key Areas of the Hanford Site, Washington, Outgranted/Released to Date.....	4.137
Table 4.7-1.	Applicable State Noise Limitations for the Hanford Site, Washington, Based on Source and Receptor EDNA Designation	4.142
Table 4.7-2	Estimated Noise Resulting from Automobile Traffic at Hanford, Washington, with the New Production Reactor Environmental Impact Statement.....	4.144
Table 4.7-3.	Monitored Levels of Noise Propagated from Outdoor Activities at the Hanford Site, Washington.....	145
Table 4.8-1.	Occupational Injury and Illness Incidence Rates, and Fatality Counts for Department of Energy Facilities and Private Industry	149
Table 4.8-2.	Radiation Exposure Data for the Hanford Site, Washington, 1999-2003	152
Table A1.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 100 Area at 9.1 m (30 ft) above Ground Level, Hanford Site, Washington.....	A.5
Table A2.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 100 Area at 60 m (197 ft) above Ground Level, Hanford Site, Washington.....	A.6

Table A3.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 200 Areas at 9.1 m (30 ft) above Ground Level, Hanford Site, Washington.....	A.7
Table A4.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 200 Areas at 60 m (197 ft) above Ground Level, Hanford Site, Washington.....	A.8
Table A5.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 300 Area at 9.1 m (30 ft) above Ground Level, Hanford Site, Washington.....	A.9
Table A6.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 300 Area at 60 m (197 ft) above Ground Level, Hanford Site, Washington.....	A.10
Table A7.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 400 Area at 9.1 m (30 ft) above Ground Level, Hanford Site, Washington.....	A.11
Table A8.	Joint Frequency Distributions of Atmospheric Stability, Wind Speed, and Transport Direction for the 400 Area at 60 m (197 ft) above Ground Level, Hanford Site, Washington.....	A.12
Table A9.	X/Q' Values ($s\ m^{-3}$) for Chronic Ground-Level Releases from 100-N Area Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.13
Table A10.	X/Q' Values ($s\ m^{-3}$) for Chronic 60-m Stack Releases from 100-N Area Based on 1986 through 2002 Meteorological Information, Hanford Site, Washington	A.13
Table A11.	X/Q' Values ($s\ m^{-3}$) for Chronic Ground-Level Releases from 200 Areas Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.14
Table A12.	X/Q' Values ($s\ m^{-3}$) for Chronic 60-m Stack Releases from 200 Areas Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.14
Table A13.	X/Q' Values ($s\ m^{-3}$) for Chronic Ground-Level Releases from 300 Area Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.15
Table A14.	X/Q' Values ($s\ m^{-3}$) for Chronic 60-m Stack Releases from 300 Area Based on 1986 through 2002 Meteorological Information, Hanford Site, Washington	A.15

Table A15.	X/Q' Values ($s\ m^{-3}$) for Chronic Ground-Level Releases from 400 Area Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.16
Table A16.	X/Q' Values ($s\ m^{-3}$) for Chronic 60-m Stack Releases from 400 Area Based on 1986 through 2002 Meteorological Information, Hanford Site, Washington	A.16
Table A17.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute Ground Level Releases from 100-N Area Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington.....	A.17
Table A18.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute 60-m Stack Releases from 100-N Area Based on 1986 through 2002 Meteorological Information, Hanford Site, Washington	A.17
Table A19.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute Ground-Level Releases from 200 Areas Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington.....	A.18
Table A20.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute 60-m Stack Releases from 200 Areas Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.18
Table A21.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute Ground-Level Releases from 300 Area Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.19
Table A22.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute 60-m Stack Releases from 300 Area Based on 1986 through 2002 Meteorological Information, Hanford Site, Washington	A.19
Table A23.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute Ground-Level Releases from 400 Area Based on 1983 through 2002 Meteorological Information, Hanford Site, Washington	A.20
Table A24.	95th Percentile E/Q Values ($s\ m^{-3}$) for Acute 60-m Stack Releases from 400 Area Based on 1986 through 2002 Meteorological Information, Hanford Site, Washington	A.20
